FLOREALDESIGN

Weddings

At Nightshade Floral Design we thrive on helping to make your wedding one of the most memorable days of your life. We believe that your wedding should showcase your personalities and celebrate you as a couple, and we want your flowers to do the same. Our passion lies in choosing just the right elements that represent you and putting them together in the most beautiful way possible.

Because every wedding is a reflection of the individuals it celebrates, each quote is custom made to meet your needs. Please use this guideline to get an idea of the range we offer. We can then meet with you, either in person or over the phone, to chat details so we can better understand your specific wishes for your wedding. After learning more about your vision, we will create a custom proposal just for you.

Nightshade is committed to creating beautiful floral arrangements with the environment in mind. Because of this, we don't use chemicals or floral foam, and we source our flowers seasonally and locally whenever possible. We are so fortunate in the abundance that California has to offer, so we don't have to compromise on beauty to achieve this goal. And in turn, you get to sit back and relax in the knowledge that your flowers have a low environmental impact while still being gorgeous.

# Here's what to expect:

Have a look through this packet and our website to get an idea of what we offer.

Let's schedule an in-person meeting, or alternately a phone call, to discuss your vision for your wedding. This way we can better get to know who you are and what details of your personalities and relationship you would like to highlight at your wedding. The more we can get to know about you and your relationship, the more personal your flowers will be! We will follow up with a custom quote and an inspiration board. As an additional note, for 2023 weddings and beyond we have had to introduce a minimum for weddings over 75 guests of \$6k.

When you choose Nightshade for your wedding florals, we will ask for a non-refundable deposit of 25% of the total and ask you to review and sign a design contract. You are welcome to ask for revisions or changes, additions or substitutions as needed up until 30 days before your wedding date, at which point flowers will be ordered and won't be able to be changed.

Payment in full will be requested 30 days prior to your wedding date, and at this time we will finalize all design details, either through a call or via email.

We will coordinate with you or your wedding planner to schedule delivery and set up of your wedding flowers, as well as strike/clean up if needed. We will take care of everything so you can relax and enjoy your day!

Thank you for considering Nightshade Floral Design for your wedding flowers. We are passionate about flowers and floral design, and want to do everything we can to make sure your wedding is the most special and memorable day in your lives together!
